

5 Important Interview Tips

1

Dress to Impress

In an interview setting, appearances really do matter. Employers make hiring decisions within 30 seconds of meeting you and whilst 80% of candidates get it right, 20% don't. Don't fall victim to your unpolished shoes! Ensure a firm and confident handshake!!! Body language speaks Volumes!

2

Do your Research

One of the best ways to become a stand-out candidate during the hiring process is to do your homework. Read up on the company and understand the job description fully so that you are able to converse with confidence.

3

Practice makes Perfect

There are some interview questions that are always guaranteed to crop up, regardless of the job so prepare your answers and practice them beforehand; *why should you be considered for this role?*

4

Keep Calm and Carry On

Fail to prepare, prepare to fail!
Planning ahead allows you to keep control – plan your route in advance; have you allowed time for delays?
Ensure you have all the interview details with you, i.e contact numbers (agent and/or client) and address. Should something happen, you are able to contact the necessary people involved.
Remember that the Interviewers are normal people too, so speak clearly and smile!

5

Ask Questions

Want to leave a lasting impression in your interview? Asking questions at the end of your interview is just as important as answering them! Seize the opportunity to delve deeper into the company and the role and reinforce your suitability for the job.
